## Empire Day at Gleichen a Real Success

## Tournament Brings Big Crowd

Gleichen, May 24.—The Canadian provincial forces in the names of the word, and the only Agent 'T' Call has is that we have not the time this morning to give an adequate report of the day's fun.

After the long continued rains of the past few weeks the weather was kind enough to grant a respite and Monday gave us only a few showers. Tuesday dawned a little cloud yet most promising and continues cool and pleasant until about four o'clock in the afternoon when the sun but lasted only a short time—not sufficient to dampen the ardor of the crowd. It was well into ten before another and heavier shower passed over, but the dance was upon in full swing in the Community Hall.

The first game of the tournament was played between Carlsruhe and Meadowbrook, resulting in a score of 2-6 in Carlsruhe's favor, giving a good game all through.

Then came sports for the kiddies who turned out with fine spirit and thoroughly pleased their elders with the following results:

Girls race 8 up to seven years of age, 1st Jack Vank and 2nd William Lefebvre.

Girls race 8 to 10 years, Helen McIntrye and Clara Lishman.

Boys race, 8 to 10 years of age, Dennis Yellow Gid. Women's race, 8 to 10 years, Helen Downey and Bernice Tolman.

## CHOIR ENTERTAINS AT EVENTIDE HOME

The Salvation Army "Eventide Home" was the place of a vast last evening for the Gleichen choir who gave a concert for the benefit of the old inmates and staff of the home.

Many of the songs were sentimental numbers well known to all who were greatly enjoyed if one can judge by the hearty clapping of hands and encoring of the latest.

One old negro couple, man and wife, greatly appreciated "Old Black Joe, Oh Susanna" and "Carry me back to Old Virginia," since the husband was born a slave in the South. The man is now nearly ninety years of age and was sold when five years old for a sum of \$800 of which he was not proud as none of his contemporaries had ever been sold.

The choir is just now fifty years of age which to many people would seem some difference in age between man and wife.

The following program was read:

"Oh Canada."

Choir anthem, "Lord of all Power and Might."

Solo duet by Mildred Balingen and Dorothy Melvin entitled "O'er Hill and Vale."

Vocal number by Helen Kelley, 5 years old, "Old Black Joe."

Double alto, Balingen and Mrs. Carteck "Whispering Hawk."

Community song, "Old Black Joe."

Piano solo by Mrs. Carteck, "The Rose."

Solo by Mr. Carteck, "Awaken."

Community song, "Carry me Back to Old Virginia."

Violin selection by Betty Kelley, "Sally."

Piano duet by Mrs. Carteck and Mrs. Hall, "Banners of Victory."

Choir and piano, "The Star Spangled Banner."

Double alto, Balingen and Mildred Balingen, "Sweet Benvie."

Community song, "Oh Susanna."

Violin selection by W. Suberschreiber, "Everyone remembers, her."

## Diamond Jubilee Oil Drilling to Start Before July First at Gleichen

A public meeting of all local organizations was held in the Old Sun School on the Community Hall last Thursday, night with a view of preparing suitable festivities for the Diamond Jubilee celebration July 30th, July 1st 2nd, and 3rd. Mayor N. T. Purcell was chairman of the meeting and P. MacLean as secretary.

Dr. F. M. R. Gibney represented the Old Sun School as well as the Legion.

The second ball game between Queenstown and Arrowwood ended in a win for Arrowwood, with a score of 4-2. The crowd took great interest in this game for at the beginning the first of the last inning the score stood 4-4.

However the night game was naturally interesting Arrowwood winning from Carlsruhe 3-0. This was even, inning game, Arrowwood not requiring the last half.

The dance at night was thoroughly enjoyed by the hill going people, the Institute ladies were very hospitable to the hungry.

It is estimated about 800 people turned out for the games. All in all a well pleased with the program, particularly as there were serious disputes and Messrs. Miller and McArthur very fair umpires in their decisions.

The visiting teams proved the reverse, they have by the number of rosters who accompanied them.

"College Medley." Specially arranged selection by the Gleichen Chorus, "The Diamond Jubilee," the melody of "Sister, Sister."

All the numbers were much enjoyed. Betty Kelly's march was enjoyed and played a second time by the young people. "The Diamond Jubilee" was so well liked that the chorus was repeated a number of times with many of the audience joining in. In the singing the most delightful number served the choir at the close of the performance, with Adjutant and Mrs. Johnstone as host.

OLD SUN SCHOOL CHILDREN OBSERVE VICTORIA DAY

The commemoration of Victoria Day was held at the Old Sun School on the Blackett's Reserve last Saturday, as the pupils left for their respective homes on May 24th, the celebration was held before their departure. After the singing of the national anthem with the two organist parties, "Sparks" and "Pegs" of the Victoria society participated. Chas. Spatz, English teacher, opened the class, and the meeting was opened by the singing of the flag under which hung the picture of Queen Victoria.

Essays on the life of the Queen were read by several students, and the program was given by David Yelton. "Horse" Medicine Pipe acted as critic. A short address by Mrs. Gibney on the Victoria Day was given by the teacher. The meeting was brought to a close with the meeting of the Literary Society to a close. After singing the National Anthem, the pupils were served with some refreshments.

After the meeting the pupils at 10 a.m. showed in red, white and blue costumes in honor of the 64 years of Queen Victoria's reign.

Emily Mann, a young member of the Gleichen Ghooshters, sang tea. Poetry was an item on the bill of Queen Victoria, written by one of the older pupils of the Old Sun School, Emily Mann.

EMILY MANN, Old Sun School, Gleichen, Alta.

Buster Jackson, a thoroughly man- ried darky, was one day approached by a life insurance agent.

"No, sir," declared Buster, "ah ain't got no kids at home, an' it's

### Brief History-Diamond Jubilee

Canada 1867-1927  
A brief history of Canada's political history and Confederation will be published in the summer of 1927. Call readers in view of the summer to duly observe Canada's sixtieth anniversary of Confederation which will be spent and is taken a bi-annual issue of the Canadian magazine for the celebration of the Diamond Jubilee of Confederation.

George Gobet, who has been laid up for weeks with rheumatism, is able to drive around again now.

Tennis enthusiasts are getting ready to play. We saw one game on an improved court one evening recently.

Our new baseball uniforms are off and our boys look pretty啦啦啦. Keep an eye on them girls. When they get over in some of the other towns, they're liable to make a big hit with the ladies.

The game scheduled for last Thursday evening between Queenstown and Miski Junior Baseball team was postponed because of rain. The game is scheduled for Friday night between the girls from the two towns who are not teams.

The splendid opportunity for the tennis enthusiasts to have a round of tennis is now almost approach啦啦啦.

It will be the aim of the other classes to have a good game, and the committee to provide a good class of ball for the entertainment of the girls through the summer.

The unfortunate delay at the first game here on the 15th was due to a misunderstanding as to the time of the game and the result of the game.

# Western Canada Steadily Climbing To Prosperity On A Solid, Stable Basis

Montreal. A picture of Western Canada's solid, stable basis was painted by the members of the Montreal branch of the Canadian Credit Protection Association, Mr. W. H. Dawson, chairman, the national president of the organization, at their annual luncheon meeting.

There was a general trade climate that had not been held, Mr. Dawson declared. He described how the Canadian business and financial community had a prominent part in the development and prosperity of the province, and said that in his judgment not one man could be found in the business who did not feel that the one year of the war would see some reflection of this in increased imports for the good of the industry, but not in a Western Canada.

## Declares Border Law Menace to Friendship

Toronto. Banker Urges Compromises in U.S. Passport Regulations for Canadian Commerce

Bethel, Conn. The Canadian automobile clubs attending a United States Cancon luncheon were warned by Mr. George Wilson, former chairman of the Canadian Automobile Association, that the new passport requirements for Canadians who travel in this country must be eliminated if the two countries are to maintain amicable and friendly relations between the two countries are to be maintained.

The luncheon, held to celebrate the 10th anniversary of the Canada-U.S. border trade, was attended by Mr. Wilson, and two by the Canadian people have been expressed by the minister of all kinds and at a time when thousands of Canadians and Americans are engaged in a massive war effort, hindering excellent trade for industries, the United States has announced its new passport regulations.

"I sincerely hope that some compromise will be reached, Canada undoubtedly will wish to do its best to help the people here to be as comfortable as possible, and at the same time when thousands of Canadians and Americans are engaged in a massive war effort, hindering excellent trade for industries, the United States has announced its new passport regulations."

### Labor costs can be reduced with a Fordson

Of all items entering into the cost of crop production, labor is the one item that can be reduced. And the only safe and certain means of reducing costs to a minimum is the adoption of mechanical power and modern farm machinery.

A Fordson farmer has a greater capacity for work. He can accomplish 2 or 3 times as much as he did before with and greater ease and convenience for himself. This saving in labor makes possible larger acreages, sown under ideal conditions—at just the right time. And, an extra 15 acres of wheat often means than pays for a Fordson.

The Fordson is built and sold to serve mankind. It is significant that over 17,000 are now in use on Canadian farms. Ask us for a copy of our new folder which explains the exclusive mechanical features of the Fordson.
